

OCCUPY CURRENCY

Basic income accounts backed by community work.

WWW.OCCCU.COM

bend here

OCCCU is a fair global currency.

- no interest rates and no bubbles
- fixed fee generating taxes (demurrage)
- motivate to spend or donate and not to accumulate
- value creation by individuals and their community work

Accounts at OCCCU.com

Each individual or legal entity is entitled to register for one account. Payments are cleared online. You can also advertise products or services.

Issuing banknotes as cheques

Anybody can print fancy cheques, on which transactions are confirmed by signature. Issuer may take a photocopy using the mobile phone camera. Anytime later when online, member may enter invoice or issuer perform payment.

Value creation & limiting accumulation

Each individual is given 100 occcus per month as a basic income, as we assume that every member is doing valuable community work. A demurrage (negative interest) of 25% per month on any personal account goes back to the community account. Without transactions, a personal account fills up to a maximum of 400 occcus (after 5 years). So better spend and let your OCCCUs circulate!

Options

Transactions may be rated. Loans may be given to loan groups. SMS gateway and issuing fixed value vouchers can be easily implemented.
